

Health Education Pre-Approved Substitutions

All Education Specialist Credential candidates must take a Health Education course that covers holistic student health and wellness. In the event that a qualifying Health Education course is not available at SF State, we have compiled a list of pre-approved courses to be taken at another institution.

If taking one of the courses below, a course substitution form is not required. Please retain an official transcript upon completing the course and submit it to the Credential and Graduate Services Office when applying for the award of your credential.

Please note that this list continues to evolve and change. If you have any questions, please contact the Credential and Graduate Services Center (CGSC) at credinfo@sfsu.edu.

University of California	
EDUC X 312.8A @ UC LA Extension	EDUC 30057 @ UC San Diego Extension

California State University	
BIOL 320 @ CSU, Bakersfield	HSC-411B @ CSU, Long Beach
KIN 441 @ Cal Poly, Pomona	ED 550 @ CSU, Monterey Bay
